Buyer Personas

Target personas with messaging focus and HubSpot distribution

Manager/Director Level

Manager/Director

17%
of contacts

Focus Areas

- Day-to-day operations
- Team performance
- Process improvement
- Tool adoption

Pain Points

- Team spending too much time on manual verifications
- Dealing with borrower complaints about verification delays
- Managing multiple verification vendors
- Training staff on complex verification processes

Key Messaging

- ✓ Simple borrower experience increases team efficiency
- ✓ One platform for all verification needs
- ✓ Real-time status tracking reduces support calls
- ✓ Easy onboarding with dedicated support

Proof Points to Use

- → Piedmont: 80% reduction in support calls
- → First Continental: 4-hour support response time
- → MIG: 100% conversion improvement simplifies workflows

CEO/Founder/President

CEO/Founder

34%
of contacts

Focus Areas

- Strategic value
- Competitive advantage
- Growth enablement
- Risk reduction

Pain Points

- Falling behind competitors using modern verification
- Margin pressure from rising verification costs
- Compliance and audit concerns
- Need to scale without adding headcount

Key Messaging

- ✓ GSE approved - reduce repurchase risk
- ✓ 80% cost savings vs The Work Number
- ✓ Industry-leading conversion rates
- ✓ Trusted by top mortgage lenders

Proof Points to Use

- → AmeriSave: 80% savings vs competitors
- → MIG: 100% conversion improvement
- → Revolution: Costs dropped from 8 to 3 basis points

VP Product/Head of Product

VP Product

1%

of contacts

Focus Areas

- Product experience
- Feature roadmap
- Customer satisfaction
- Innovation

Pain Points

- Verification step causes application abandonment
- Poor data quality from existing providers
- Limited visibility into verification success rates
- Difficulty integrating verification into product flow

Key Messaging

- ✓ 70%+ post-login conversion rate
- ✓ White-label solution matches your brand
- ✓ Real-time webhooks and analytics
- ✓ Comprehensive API for custom implementations

Proof Points to Use

- → CrossCountry: 70%+ post-login conversion
- → NFTYDoor: 70% VOHI conversion
- → B9: 12% improvement in funds deposited

CTO/VP Engineering/IT Director

CTO/VP Engineering

20%
of contacts

Focus Areas

Integration ease | API quality | Reliability | Security

Pain Points

- Complex integrations with existing LOS/POS
- Poor API documentation from current vendors
- Downtime affecting loan processing
- Security and compliance concerns

Key Messaging

- ✓ Go live in days, not months
- ✓ Pre-built Encompass, nCino integrations
- ✓ 99.99% uptime SLA
- ✓ SOC 2 Type II certified, FCRA compliant

Proof Points to Use

- → First Continental: <1 month custom implementation
- → MortgageRight: Seamless LOS integration
- → NFTYDoor: Direct-to-source data quality

VP Underwriting/Chief Credit Officer

VP Underwriting

2%
of contacts

Focus Areas

Credit risk | Loan quality | Compliance | Data accuracy

Pain Points

- Fraudulent income documentation increasing
- Verification delays holding up loan decisions
- Data discrepancies between sources
- Audit and compliance burden

Key Messaging

- ✓ Direct-to-source data eliminates fraud risk
- ✓ GSE-approved for Day 1 Certainty
- ✓ Comprehensive income breakdown by source
- ✓ Includes paystubs and W-2s for audit trail

Proof Points to Use

- → TurboPass: 38% reduction in loan losses
- → HFS: 15% improvement in fraud detection
- → MortgageRight: More granular data than competitors

Chief Operating Officer

COO/Chief Operating

8%

of contacts

Focus Areas

- Operational excellence
- Process optimization
- Team efficiency
- Cost management

Pain Points

- Manual verification processes eating up team time
- High per-loan verification costs impacting margins
- Inconsistent turnaround times affecting customer experience
- Staff burnout from repetitive verification tasks

Key Messaging

- ✓ Reduce manual verification tasks by 90%
- ✓ Save $350+ per closed loan
- ✓ Free up your team for higher-value work
- ✓ 45-second verifications vs days of waiting

Proof Points to Use

- → CrossCountry: $10M/year estimated savings
- → Piedmont: 90% reduction in manual tasks
- → First Continental: Dedicated support with 4-hour response

Other Executive (EVP/SVP)

Other Executive

15%
of contacts

Focus Areas

- Strategic initiatives
- Cross-functional alignment
- Business growth
- Vendor management

Pain Points

- Lack of visibility into verification bottlenecks
- Vendor relationships not delivering promised value
- Difficulty justifying technology investments
- Misalignment between operations and technology

Key Messaging

- ✓ Trusted by industry leaders like CrossCountry and AmeriSave
- ✓ Dedicated customer success team
- ✓ Proven ROI within first quarter
- ✓ Executive-level partnership approach

Proof Points to Use

- → CrossCountry: Partnership approach praised by EVP
- → AmeriSave: Strategic partnership delivering on every front
- → Orion: Holistic approach to verification optimization

CFO/VP Finance/Controller

CFO/Finance

3%
of contacts

Focus Areas

- ROI
- Margin improvement
- Predictable pricing
- Cost visibility

Pain Points

- Verification costs unpredictable and rising
- TWN price increases (~20% every 6 months)
- Hard to model verification spend
- No clear ROI metrics from current provider

Key Messaging

- ✓ Transparent, predictable pricing
- ✓ Free re-verifications within 90 days
- ✓ Measurable ROI - track savings per loan
- ✓ 35-80% guaranteed savings

Proof Points to Use

- → Compass Mortgage: 60-80% savings on verifications
- → CrossCountry: Clear cost tracking and reporting
- → HFS: 10-15% efficiency improvement quantified

VP Lending/Mortgage Operations

VP Lending

1%

of contacts

Focus Areas

- Loan volume
- Turnaround time
- Cost per loan
- Borrower experience

Pain Points

- Verification costs eating into margins
- Long verification times delaying closings
- Borrower drop-off during verification
- Inconsistent data quality across providers

Key Messaging

- ✓ Close loans faster with instant verification
- ✓ 45-second average verification time
- ✓ Improve borrower experience and pull-through
- ✓ R&W relief opportunity with GSE approval

Proof Points to Use

- → CrossCountry: 8% R&W relief uplift
- → TurboPass: 1.5 days faster funding
- → Compass: Faster loan approvals with better data
